DETAILED ACTION

Claims 1 - 6 have been examined.

Allowable Subject Matter

Claims 1 - 6 are allowed.

The following is an examiner's statement of reasons for allowance: the cited prior art neither discloses nor suggests, either alone or in combination, the limitation of a hybrid vehicle including an engine and a first and second motor/generator, wherein said first and second motor/generator drive a first and a second wheel, respectively, and, wherein said first motor/generator also drives an oil pump normally powered by said engine, when said engine ceases to turn during movement of said vehicle. Esaki (6,656,083) discloses a hybrid drive system wherein an engine and a motor/generator drive an axle, wherein a starter motor is used to power engine accessories, including an oil pump when said oil pump cannot be powered due to said engine being halted. This starter motor, however, is neither intended nor sized to provide power to a second wheel and assist in driving said vehicle.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
